## **MARK SCHEME for the October/November 2014 series**

### **0450 BUSINESS STUDIES**

**0450/21**

Paper 2 (Case Study), maximum raw mark 100

This mark scheme is published as an aid to teachers and candidates, to indicate the requirements of the examination. It shows the basis on which Examiners were instructed to award marks. It does not indicate the details of the discussions that took place at an Examiners' meeting before marking began, which would have considered the acceptability of alternative answers.

Mark schemes should be read in conjunction with the question paper and the Principal Examiner Report for Teachers.

Cambridge will not enter into discussions about these mark schemes.

Cambridge is publishing the mark schemes for the October/November 2014 series for most Cambridge IGCSE<sup>®</sup>, Cambridge International A and AS Level components and some Cambridge O Level components.

*This mark scheme includes a summary of appropriate content for answering each question. It should be emphasised, however, that this material is for illustrative purposes and is not intended to provide a definitive guide to acceptable answers. It is quite possible that among the scripts there will be some candidate answers that are not covered directly by the content of this mark scheme. In such cases, professional judgement should be exercised in assessing the merits of the answer and the senior examiners should be consulted if further guidance is required.*

*Examples of possible answers are also included in this mark scheme. Again, it should be emphasised that this is for illustrative purposes and the examples chosen represent only some of the many possible responses that would merit reward.*

*Application marks are not awarded for the name of the business or person from the case material. Application is by answering in the context of the case or by using the information in the case to help answer the question.*

1 (a) Identify and explain two disadvantages to PB Bank of being a public limited company. [8]

**Content:**

- Cannot control who buys the shares/Easier to be taken over
- Expect dividends to be paid
- Accounts published
- Legal formalities need to be followed
- Divorce between ownership and control
- More difficult for effective communication
- May experience diseconomies of scale/management problems.

The marks available for this question are as follows: 2 marks for knowledge; 4 marks for analysis and 2 marks for application.

Possible application marks: bank; 15 000 employees; lack of good communication; takeover another bank; bank accounts; reference to Appendix 1; 20 years in existence; marketing director; 1000 branches; branch X and branch Y; board of directors.

There may be other examples in context which have not been included here.

1 mark for each disadvantage identified plus 2 explanation marks for each disadvantage plus 1 application mark. (4 marks × 2 disadvantages)

Disadvantage: Accounts published (1 knowledge mark)

Explanation: Accounts published (1) as this is a legal requirement and the accounts need to be published each year. Anyone can see the accounts and so this means competitors can look at the accounting details of the bank. (2) A rival bank might want to take over the bank and finding out about its accounts could help it decide to take it over. (3) (Plus 1 application mark for answering in the context of banks).

- Level 2            5 marks for the first level 2 answer and then one extra mark for each additional level 2 answer up to maximum of 8 marks.  
e.g. The HR Director could use email to inform employees about any new changes to the bank. Email is quick and cheap to use and can be sent out as a global email which means it goes to everyone on the email contact list. However, not all 15 000 employees may have a bank email address, so the message may not get through to all employees and it will be difficult to know if the message has been read.  
5 marks for level 2 answer plus one application mark for including reference to 15 000 employees at the bank.
- Level 3            Detailed discussion of at least two level 2 answers and then a recommendation at the end which justifies which is the best form of communication to choose compared to the other forms of communication.
