Paper 1

May/June 2020

MARK SCHEME

Maximum Mark: 60

Published

Students did not sit exam papers in the June 2020 series due to the Covid-19 global pandemic.

This mark scheme is published to support teachers and students and should be read together with the question paper. It shows the requirements of the exam. The answer column of the mark scheme shows the proposed basis on which Examiners would award marks for this exam. Where appropriate, this column also provides the most likely acceptable alternative responses expected from students. Examiners usually review the mark scheme after they have seen student responses and update the mark scheme if appropriate. In the June series, Examiners were unable to consider the acceptability of alternative responses, as there were no student responses to consider.

Mark schemes should usually be read together with the Principal Examiner Report for Teachers. However, because students did not sit exam papers, there is no Principal Examiner Report for Teachers for the June 2020 series.

Cambridge International will not enter into discussions about these mark schemes.

Cambridge International is publishing the mark schemes for the June 2020 series for most Cambridge IGCSE™ and Cambridge International A & AS Level components, and some Cambridge O Level components.

This document consists of **92** printed pages.

Generic Marking Principles

These general marking principles must be applied by all examiners when marking candidate answers. They should be applied alongside the specific content of the mark scheme or generic level descriptors for a question. Each question paper and mark scheme will also comply with these marking principles.

GENERIC MARKING PRINCIPLE 1:

Marks must be awarded in line with:

- the specific content of the mark scheme or the generic level descriptors for the question
- the specific skills defined in the mark scheme or in the generic level descriptors for the question
- the standard of response required by a candidate as exemplified by the standardisation scripts.

GENERIC MARKING PRINCIPLE 2:

Marks awarded are always **whole marks** (not half marks, or other fractions).

GENERIC MARKING PRINCIPLE 3:

Marks must be awarded **positively**:

- marks are awarded for correct/valid answers, as defined in the mark scheme. However, credit is given for valid answers which go beyond the scope of the syllabus and mark scheme, referring to your Team Leader as appropriate
- marks are awarded when candidates clearly demonstrate what they know and can do
- marks are not deducted for errors
- marks are not deducted for omissions
- answers should only be judged on the quality of spelling, punctuation and grammar when these features are specifically assessed by the question as indicated by the mark scheme. The meaning, however, should be unambiguous.

GENERIC MARKING PRINCIPLE 4:

Rules must be applied consistently e.g. in situations where candidates have not followed instructions or in the application of generic level descriptors.

GENERIC MARKING PRINCIPLE 5:

Marks should be awarded using the full range of marks defined in the mark scheme for the question (however; the use of the full mark range may be limited according to the quality of the candidate responses seen).

GENERIC MARKING PRINCIPLE 6:

Marks awarded are based solely on the requirements as defined in the mark scheme. Marks should not be awarded with grade thresholds or grade descriptors in mind.

GENERAL INSTRUCTIONS**Applying the Mark Scheme**

- When marking a response the overall criteria to be considered should be – ‘How good is this response to this question?’
- The ‘Level Descriptor’ should be used to decide the Level into which the quality of the answer fits.
- Exhaustive lists of possible facts are not given in the mark scheme, as there is often a choice of factual knowledge that candidates may use.
- **WHERE EXAMPLES OF RESPONSES ARE GIVEN, THESE ARE NOT PRESCRIPTIVE, BUT ARE INTENDED AS A GUIDE.** It is not possible to cover every possible type of response within a levels of response mark scheme and examiners are expected to use their professional judgement at all times in ensuring that responses are placed in the correct levels and given an appropriate mark within that level. If you cannot resolve the issue please contact your team leader.
- Marking must be positive. Marks must not be deducted for inaccurate or irrelevant parts of answers. In itself, poor use of historical terminology, spelling, grammar or handwriting does not affect the mark. The overall quality of the answer to the question should be judged.
- If a candidate reaches a particular level s/he must be rewarded with a mark within that level. It is not necessary to work through the levels.
- The full range of marks should be used. Do not be afraid to award full marks or no marks. Failure to do this will seriously affect the distribution of marks. Be prepared to reward candidates who show any level of understanding. The mark scheme starts from basic acceptable response. Where a band of marks is indicated for a level these marks should be used with reference to the development of the answer within that level.

Assessment Objectives

- (c) recall, explanation and analysis

Question	Answer	Marks
1(a)	Describe how Piedmont was reformed during the 1850s.	4
	Level 1 One mark for each relevant point; additional mark for supporting detail 1–4 e.g. ‘The Siccardi laws controlled the powers of the Church.’ ‘Civil marriage was introduced.’ ‘Piedmont was industrialised.’ ‘Cavour had a railway built.’ ‘The running of the Piedmont army was modernised and the army strengthened.’ ‘Cavour made free-trade treaties with several countries.’	
	Level 0 No evidence submitted or response does not address the question 0	

Question	Answer	Marks	
1(b)	Why were Garibaldi's actions in 1860 important to Italian unification?	6	
	Level 4 Explains TWO reasons		6
	Level 3 Explains ONE reason (Four marks for one explanation, five marks for full explanation) e.g. 'In 1860 Garibaldi's Thousand defeated the Neapolitans and won control of Sicily. This was a major step towards unification. Sicily had been taken from the King of Naples and would later be annexed by Piedmont. It gave Garibaldi a base from which he could next launch an attack on mainland Italy. Basically, Garibaldi destroyed the Kingdom of Naples which was a massive move towards unification.'		4–5
	Level 2 Identifies AND / OR describes reasons (One mark for each identification/description) e.g. 'He defeated the Neapolitan army on Sicily.' 'He took control of Sicily.' 'He took control of the city of Naples.' 'Garibaldi handed over Sicily and Naples to Victor Emmanuel.' 'He destroyed the power of the Kingdom of Naples.' 'He made the first moves towards unification when Cavour was not ready to act.'		2–3
	Level 1 General answer lacking specific contextual knowledge e.g. 'They were important because he changed a lot and took Italy towards unification.'		1
Level 0 No evidence submitted or response does not address the question	0		

Question	Answer	Marks
1(c)	<p>Did Napoleon III help or hinder the cause of Italian unification? Explain your answer.</p> <p>Level 5 Explains with evaluation of ‘did Napoleon III help or hinder’</p> <p>As Level 4 plus evaluation.</p> <p>Level 4 Explanation of both sides</p> <p>A L4 answer will have a minimum of three explanations (2 on one side; 1 on the other.) This will be worth a mark of 7. Fuller explanation of one issue to be given two marks. An answer which only has one explanation on one side of the argument cannot be awarded more than 8.</p> <p>Level 3 One sided explanation OR one explanation of both sides 5 to 6 marks</p> <p>More detailed explanation of one issue to be given two marks.</p> <p>e.g. ‘Napoleon helped Italian unification because without him Austria would not have been defeated. Austrian power in Italy was the great obstacle in the way of unification, but Piedmont could not defeat it by itself. Cavour and Napoleon made a secret agreement to provoke Austria into a war. The French helped Piedmont defeat the Austrians and drive them from Lombardy. As a result, Lombardy was given to Piedmont. This was the beginning of the end of Austrian power in Italy and an important step towards unification as it led to uprisings in Italy and to Garibaldi’s actions.’</p> <p>OR</p> <p>e.g. ‘Napoleon was not all that interested in Italian unification. He wanted to gain Savoy and Nice. He was horrified by the killing in the battle of Solferino and worried that Piedmont was taking more land than had been agreed. Because of this he brought the war against Austria to an early end by agreeing an armistice. Piedmont was very disappointed because Austria had not been driven from Italy as Venetia was still under Austrian control. The Pope also still ruled Rome and central Italy. This shows that Napoleon was more interested in gaining Savoy and Nice than in helping Italian unification.’</p>	<p>10</p> <p>10</p> <p>7–9</p> <p>4–6</p>

Question	Answer	Marks
1(c)	<p>Level 2 Identifies AND/OR describes</p> <p>One mark for each point.</p> <p>e.g. ‘He helped defeat the Austrians at Magenta and Solferino.’ ‘He helped Piedmont defeat the Austrians and win Lombardy.’ ‘His victories with Piedmont over Austria started a process of unification that could not be stopped.’ ‘He prevented Austria from being driven from Italy by agreeing an armistice with the Austrians in June 1859.’ ‘He made peace with Austria when it was on its knees and could have been completely defeated.’ ‘Napoleon was only interested in what was good for France – winning Savoy and Nice.’ ‘Napoleon was only interested in replacing Austrian influence over Italy with French influence.’</p>	2–3
	<p>Level 1 General answer lacking specific contextual knowledge</p> <p>e.g. ‘Napoleon did not really help Italian unification.’</p>	1

2(a)	What were the aims of the revolutionaries in Berlin in March in 1848?	4
	<p>Level 1 One mark for each relevant point; additional mark for supporting detail 1–4</p> <p>e.g. ‘Parliamentary elections.’ ‘A constitution.’ ‘Freedom of the press.’ ‘Their demands included the division of the large estates of the rich amongst the poor.’ ‘Social reforms.’ ‘Better education for the poor.’ ‘A united Germany.’</p>

2(b)	<p>Why was the Frankfurt Parliament important?</p> <p>Level 4 Explains TWO reasons 6</p> <p>Level 3 Explains ONE reason 4–5</p> <p>(Four marks for one explanation, five marks for full explanation)</p> <p>e.g. ‘The Frankfurt Parliament was important because it represented the first real serious effort to plan a united German state. It suggested a constitution for a united Germany as a federal union with an elected diet and an emperor. It even went as far as offering Frederick William of Prussia the position of emperor. Although it failed, it brought the issue of a united Germany to the forefront, making sure the issue would not disappear.’</p> <p>Level 2 Identifies AND / OR describes reasons 2–3</p> <p>(One mark for each identification/description)</p> <p>e.g. ‘It was the first freely elected parliament for all of Germany.’ ‘It produced a constitution for a united Germany.’ ‘It offered Frederick William the office of emperor of a united Germany.’ ‘It was an important step towards a united Germany.’ ‘It put the idea of a united Germany firmly on the agenda. It now would not go away.’ ‘It represented the German people from all parts of Germany.’ ‘Its failure was important because it led to a Prussian dominated Germany.’</p> <p>Level 1 General answer lacking specific contextual knowledge 1</p> <p>e.g. ‘The Frankfurt Parliament was important because it was a real change and led to other changes.’</p> <p>Level 0 No evidence submitted or response does not address the question 0</p>	6

Question	Answer	Marks
2(c)	‘The main reason why Bismarck was able to achieve German unification was his use of diplomacy.’ How far do you agree with this statement? Explain your answer.	10
	Level 5 Explains with evaluation of ‘how far’ As Level 4 plus evaluation.	10
	Level 4 Explanation of both sides A L4 answer will have a minimum of three explanations (2 on one side; 1 on the other.) This will be worth a mark of 7. Fuller explanation of one issue to be given two marks. An answer which only has one explanation on one side of the argument cannot be awarded more than 8.	7–9
	Level 3 One sided explanation OR one explanation of both sides 5 to 6 marks More detailed explanation of one issue to be given two marks. e.g. ‘Bismarck’s diplomacy was very important in achieving German unification. One big obstacle to unification was France, so Bismarck knew that France had to be defeated so that it was too weak to stop unification. Therefore, he used diplomacy to trick France into declaring war. He changed a telegram from William I to the French, making it look as if William had humiliated the French, and sent it to the newspapers for publication. In reply the French declared war giving Bismarck his opportunity.’ OR ‘I think it was the Prussian army that achieved unification for Bismarck. The army defeated Denmark, Austria and France. These military victories were essential for unification. The Prussian army had been reformed so it was better trained and well-armed. Although the Austrian army was bigger, the Prussians quickly defeated it by using the new breech-loading needle gun which fired five times faster than anything the Austrians had. This victory meant that Austria was no longer a contender for leading a unified Germany. Only Prussia could now do that.’	4–6

Question	Answer	Marks
2(c)	<p>Level 2 Identifies AND/OR describes</p> <p>One mark for each point.</p> <p>e.g. ‘German unification was achieved because Bismarck manipulated the crisis over Schleswig Holstein.’ ‘Bismarck made the most of the mistakes made by others like those by the French over the Hohenzollern candidature.’ ‘Bismarck used opportunities like over the Ems telegram.’ ‘Bismarck used the situation at the time to draw the French into war.’ ‘Bismarck used the situation over Holstein to manufacture a war with Austria.’ ‘The Prussian army was reformed with new weapons.’ ‘Unification was achieved by defeating the Austrians.’ ‘Unification was achieved by defeating the French.’ ‘Unification was achieved because of the war with Denmark.’ ‘Unification was achieved because of the strength of the Prussian army.’ ‘Prussian economic strength gave it the resources to challenge Austria and France.’ ‘Bismarck was able to achieve unification because of the growth of German nationalism.’ ‘German unification was only possible because of Prussia’s economic strength.’</p>	2–3
	<p>Level 1 General answer lacking specific contextual knowledge</p> <p>e.g. ‘Bismarck achieved German unification because he was more successful than anyone else.’</p>	1

Question	Answer	Marks	
3(b)	Why was there so much violence in Kansas in the years 1854 to 1861?	6	
Level 4 Explains TWO reasons			6
Level 3 Explains ONE reason 4–5 (Four marks for one explanation, five marks for full explanation) e.g. ‘There was so much violence because of the issue of slavery. The disagreement was over whether Kansas should become a slave state or a free state. The Kansas-Nebraska Act said that this should be decided by popular vote in Kansas, and people on both sides of the argument moved into Kansas to gain the right to vote on the issue. Pro-slavers from Missouri flocked across the border to sway elections. In response, Northern abolitionists moved into Kansas, leading to violence between the two sides.’			
Level 2 Identifies AND / OR describes reasons 2–3 (One mark for each identification/description) e.g. ‘This was because of slavery.’ ‘There was disagreement over whether Kansas would allow or outlaw slavery.’ ‘Border Ruffians moved into Kansas to support slavery.’ ‘Abolitionists moved into Kansas to ensure it became a free state.’ ‘Both sides were armed.’ ‘Both sides raised their own armies.’ ‘John Brown stirred up much of the trouble.’			
Level 1 General answer lacking specific contextual knowledge 1 e.g. ‘There was so much violence because people disagreed with each other very strongly.’

3(c)	'How far was Lincoln responsible for the North's victory in the Civil War? Explain your answer.'	10
	<p>Level 5 Explains with evaluation of 'how far' 10</p> <p>As Level 4 plus evaluation.</p>	
	<p>Level 4 Explanation of both sides. 7–9</p> <p>A L4 answer will have a minimum of three explanations (2 on one side; 1 on the other.) This will be worth a mark of 7. 	<p>Level 3 One sided explanation OR one explanation of both sides 5 to 6 marks 4–6</p> <p>More detailed explanation of one issue to be given two marks.</p> <p>e.g. 'I think Lincoln was very important to the victory of the North. He was a great leader and speaker, and this made sure that Northerners stayed loyal to the North and did not join the South. His election victory in 1864 showed the support he had in the war. He used all his skill to keep the border states on his side and managed to unite the North. He was also very clever in issuing the Emancipation Proclamation which ensured the support of black people in the South and gave him lots of support.'</p> <p>OR</p> <p>'I don't think Lincoln had much to do with it. The North was simply stronger. For example, it had a stronger navy and was able to establish a naval blockade of Southern ports. This meant that supplies of essential goods could not get through to the Confederate Army, and the South could not sell its valuable cotton. These financial problems were made worse by the small population of the South, since they were unable to raise enough taxes to fund the Confederate army.'</p>	

Question	Answer	Marks
3(c)	<p>Level 2 Identifies AND/OR describes</p> <p>One mark for each point.</p> <p>e.g. ‘Lincoln managed to unite the North.’ ‘Lincoln won the support of black people in the South.’ ‘Lincoln’s speeches won the North a lot of support.’ ‘Lincoln led his generals in a decisive way and made them obey his orders.’ ‘Lincoln forced his generals to be more assertive and ruthless.’ ‘Lincoln’s vision of saving the Union united the North.’ ‘The South lost because of a lack of manpower.’ ‘The North was able to blockade the South.’ ‘The North won because its industry was able to make weapons.’ ‘The South had little industry and was mainly agricultural.’ ‘The South lacked money. Its population was small and so taxes did not raise much.’ ‘The North had a stronger navy.’ ‘The North won because of its extensive railroad system.’ ‘The longer the war went on the more likely the South was going to lose because of its lack of resources.’ ‘Many slaves fled the South to join the Union armies, making them stronger.’ ‘Lee’s offensive approach led to high casualties destroying a large part of the Confederate army.’ ‘The Battle of Gettysburg was a turning point and made the South retreat.’</p>	2–3

4(a)	Describe how Britain’s system of indirect rule worked in Nigeria.	4
	<p>Level 1 One mark for each relevant point; additional mark for supporting detail 1–4</p> <p>e.g. ‘It was run by Lugard.’ ‘It meant ruling through the local rulers that had been defeated by the British.’ ‘The emirs kept their positions if they accepted British authority.’ ‘The emirs were responsible to the British district officers who had the final authority.’ ‘This system required only a small number of British colonial officers.’ ‘All orders from the high commissioners were transmitted through the emirs so they kept their authority with the locals.’ ‘Most of the activities of government were carried out by the emirs.’</p>

4(b)	Why did Leopold II want to acquire the Congo?	6	
	Level 4 Explains TWO reasons		6
	Level 3 Explains ONE reason (Four marks for one explanation, five marks for full explanation) e.g. 'Leopold believed that acquiring overseas colonies was essential if a country was to be seen as great. He had seen other European countries like Britain gain colonies and he thought that Belgium was being left behind. He had already tried to get the Philippines from Spain. When he failed to gain a colony for Belgium he acquired the Congo as a private citizen. This shows how desperate he was to gain a colony.'		4–5
	Level 2 Identifies AND / OR describes reasons (One mark for each identification/description) e.g. 'He believed that overseas colonies were essential to a country being great.' 'He thought he could make a lot of money from the ivory and rubber in the Congo.' 'He had failed to gain other colonies.' 'He thought that once he had the Congo he could win influence in other areas in Africa such as Sudan.' 'This was a time of colonial expansion by European powers.'		2–3

4(c)	'The main reason for the Opium War was the growth of opium addiction in China.' How far do you agree with this statement? Explain your answer.	10
	Level 5 Explains with evaluation of 'how far' As Level 4 plus evaluation.	10
	Level 4 Explanation of both sides A L4 answer will have a minimum of three explanations (2 on one side; 1 on the other.) This will be worth a mark of 7. Fuller explanation of one issue to be given two marks. An answer which only has one explanation on one side of the argument cannot be awarded more than 8.	7–9
	Level 3 One sided explanation OR one explanation of both sides 5 to 6 marks More detailed explanation of one issue to be given two marks. e.g. 'I think it was the main reason. The East India Company had been making enormous amounts of money by smuggling opium into China for many years. By the 1830s other countries like the USA were also smuggling it into China and making vast profits. The result was that millions of Chinese were addicted to opium and this was doing a lot of harm to the country. The Chinese government tried to stop this by passing laws against the trade but they had little effect. The Emperor even wrote to Queen Victoria asking for the trade to stop. In desperation the Emperor ordered the opium to be seized and ordered a blockade of foreign ships. In return the British sent troops to China. So it is clear that the war started because of the addiction in China which the Chinese wanted to stop.' OR e.g. 'The Opium Wars were caused by the British wanting to increase profits. The British bought lots of goods like tea from China but the Chinese were not buying any British goods in return. So, the British began to sell opium in China to balance things up. Its merchants made enormous profits from the trade. When the Chinese tried to stop the trade the British reacted with force to protect the enormous profits that were being made.'	4–6

Question	Answer	Marks
4(c)	<p>Level 2 Identifies AND/OR describes</p> <p>One mark for each point.</p> <p>e.g. ‘Millions of Chinese people were addicted and this was harming the country.’ ‘The Emperor was worried about the addiction and wanted to stop it.’ ‘The Chinese Emperor seized the opium and tried to stop foreign ships bringing it into China.’ ‘The British sent troops when the Chinese tried to stop the opium trade.’ ‘The British wanted to open China up to more trade.’ ‘The British went to war with China to protect the profits they were making from the opium trade.’ ‘The British were annoyed that they could only trade through one port in China.’</p>	2–3

5(b)	Why did the Treaty of Sevres have to be renegotiated?	6	
	Level 4 Explains TWO reasons		6
	Level 3 Explains ONE reason 4–5 (Four marks for one explanation, five marks for full explanation) e.g. ‘It had to be renegotiated because of the emergence of a new, modern Turkey. Many people in Turkey thought that the treaty was far too severe on them. The Ottoman Empire had been cut up and destroyed and they wanted to create a new modern Turkish state. There was a Turkish War of independence led by Turkish nationalists. When they set up the Republic of Turkey they rejected the Treaty of Sevres and negotiated the Treaty of Lausanne which recognised the new state of Turkey.’		
	Level 2 Identifies AND / OR describes reasons 2–3 (One mark for each identification/description) e.g. ‘The treaty was far more severe than the Treaty of Versailles.’ ‘It was rejected by the Turkish national movement.’ ‘It had to be renegotiated because of the emergence of a new Turkey.’ ‘The Turks thought they had been punished too harshly.’ ‘The Turks wanted to get the Greeks out of Smyrna.’

5(c)	How satisfied were the French with the Treaty of Versailles? Explain your answer.	10
	<p>Level 5 Explains with evaluation of ‘how satisfied’</p> <p>As Level 4 plus evaluation.</p>	10
	<p>Level 4 Explanation of both sides</p> <p>A L4 answer will have a minimum of three explanations (2 on one side; 1 on the other.) This will be worth a mark of 7. 	<p>Level 3 One sided explanation OR one explanation of both sides 5 to 6 marks</p> <p>More detailed explanation of one issue to be given two marks.</p> <p>e.g. ‘The French were happy with a lot of the measures in the Treaty of Versailles. They were glad to get Alsace-Lorraine back which they regarded as French as it had been taken by Germany after the Franco-Prussian War in 1871. They were also glad that Germany was being punished by the reparations. Much of the war had been fought in France, and French industry had been destroyed. The French therefore felt that it was only right that Germany should pay for all this to be put right. The reduction of the German military would help to protect France from a future attack, and so France was satisfied by the territorial, economic and military terms of the Treaty.’</p> <p>OR</p> <p>e.g. ‘The French were not all that happy. They wanted to completely cripple Germany so that it could never threaten France again. Some had wanted to weaken Germany by breaking it up into smaller states, but this did not happen. Overall, the treaty was not harsh enough for the French, and this can be seen by the fact that Clemenceau was voted out of office in 1920. The French thought that the Rhineland should have been taken away from Germany which would have made it harder for Germany to threaten France. Overall, the French felt that it did not provide the security from a future German attack that they had wanted.’</p>	4–6

Question	Answer	Marks
5(c)	<p>Level 2 Identifies AND/OR describes</p> <p>One mark for each point.</p> <p>e.g. ‘They liked the reduction of the German armed forces which made it harder for Germany to be a threat to France.’ ‘They were happy about the war guilt clause that blamed Germany for the war.’ ‘They liked the reparations which made Germany pay for war damage.’ ‘The French did not think that the League of Nations would protect them against Germany because it was powerless.’ ‘The French wanted an independent Rhineland, not a de-militarised and German one.’ ‘They wanted the Rhineland to be broken into small independent states.’ ‘The French wanted the treaty to be harsher and to punish Germany more.’ ‘They were angry that France only got the Saar coalfields for fifteen years.’</p>	2–3

6(b)	Why was Mussolini's support over Anschluss important to Hitler?	6
Level 4 Explains TWO reasons	6	
Level 3 Explains ONE reason (Four marks for one explanation, five marks for full explanation) e.g. 'Mussolini's support was crucial because he had a big interest in what was happening in Austria. In 1934 Hitler had tried to take over Austria but it was Mussolini who had stopped him. Mussolini was worried that Hitler would demand the return of Italian territories that had once been ruled by Austria. If anyone could stop Anschluss it was Mussolini, so his support was important. If he did not object then the way was open for Hitler with no one to stop him.'	4–5	
Level 2 Identifies AND / OR describes reasons (One mark for each identification/description) e.g. 'Mussolini had stopped Anschluss in 1934.' 'Only Mussolini could stop Anschluss in 1938.' 'Mussolini's support showed Hitler that he could get away with other aspects of his foreign policy.' 'It showed that the Anti-Comintern Pact was working for Hitler.' 'If Italy did nothing then Britain and France certainly would not do anything about it.'	2–3	
Level 1 General answer lacking specific contextual knowledge e.g. 'Mussolini's support was very important because Hitler had few friends at this time.'	1

The agreement showed Hitler that the European countries were not going to stand up to him. He could continue to demand more and powers like Britain and France would give in every time. This encouraged him to invade the rest of Czechoslovakia and then in September 1939 he invaded Poland. Britain and France had said they would declare war on Germany if Poland was invaded. Hitler did not believe them because of the way they gave in over the Munich Agreement. When they did declare war Hitler was shocked. As a result of the Munich Agreement, Hitler thought he would get away with anything.' OR e.g. 'I think it made war less likely. Hitler was ready to invade Czechoslovakia and take the Sudetenland. War seemed imminent Trenches were even being dug in Hyde Park in London in preparation for a war. The agreement meant that war was averted at this point since Hitler had got what he wanted. Chamberlain said the agreement had brought 'peace in our time', and others agreed with him. It is clear that the agreement made war less likely.'	4–6

Level 4 Explains TWO reasons			6
Level 3 Explains ONE reason (Four marks for one explanation, five marks for full explanation) e.g. 'The missiles in Cuba were a problem for the USA because Cuba was communist, and anti-American. 9(b)	Why did the German failure to break through at Verdun in 1916 matter?	6	
	Level 4 Explains TWO reasons		6
	Level 3 Explains ONE reason (Four marks for one explanation, five marks for full explanation) e.g. ‘The battle of Verdun was an attempt by the Germans to severely weaken the French army by making them use up all the troops they had to defend Verdun. The Germans thought that all the French reserves would be called up and killed. Although there were huge French casualties, the French fought back more strongly than the Germans expected. There were nearly as many German casualties. This led the Germans to eventually give up. This was important because there was still a French army at the end of the battle. The Germans had hoped that a defeat here would knock the French out of the war.’		4–5

There are claims that he knowingly sent tens of thousands to their deaths. These claims ignore the difficulties of commanding an inexperienced army of a scale never seen before. The sheer size of the British army and the battle was new. The front was 15 miles long. This caused lots of difficulties for commanders. For example, communications were very difficult, and Haig often had to act on out-of-date information. Haig was in a completely new situation but never lost his nerve.’</p> <p>OR</p> <p>e.g. ‘Haig made several misjudgements during the battle. He ordered a heavy artillery bombardment of the German lines for seven days before the Allied soldiers attacked. Haig thought this would make sure that British soldiers would meet little resistance. Haig was totally wrong. Many of the shells used did not explode. Many of the shells that did explode were not powerful enough to destroy the deep German dugouts or fortifications, and very little of the barbed wire was cut by the bombardment. Many shells consisted of just shrapnel, rather than high explosive. When the British soldiers went over the top on the first day, 19 000 were killed and nothing was gained. 10(b)	Why was the Eastern Front important in the First World War?	6	
	Level 4 Explains TWO reasons		6
	Level 3 Explains ONE reason (Four marks for one explanation, five marks for full explanation) e.g. 'One reason why the Eastern Front was important was because it led to the failure of Germany's Schlieffen Plan. The huge Russian army invaded eastern Germany more quickly than the Germans were expecting. This meant that Germany had to move 100 000 of its troops from the Western Front to fight the Russians. The Schlieffen Plan depended on Germany having enough troops in France to take Paris and defeat France within six weeks. It could then send its troops to fight Russia. This plan meant that Germany did not have to fight two fronts at the same time. But when Germany pulled 100 000 troops out of the advance on Paris it slowed the advance down and the first part of the plan was never accomplished. All hopes of a quick victory for Germany were over and this was because of the Eastern Front.'		4–5

	Level 3 One sided explanation OR one explanation of both sides 5 to 6 marks More detailed explanation of one issue to be given two marks. e.g. 'I think the blockade of German ports was the most important part of the war at sea. This is because it stopped supplies getting through to Germany. It depended on imports to feed its population, and to make weapons and ammunition. Most of this came from the USA but the British used its warships to make sure that little got through. This caused enormous suffering in Germany where people were starving. Many Germans were killed by the effects of the blockade. This caused riots in Germany and was one of the main reasons why Germany collapsed in 1918. It was simply too weak and exhausted on the home front to carry on fighting.' OR e.g. 'Much more important was the British defeat of the German U-boats. The Germans used unrestricted submarine warfare to stop food supplies getting to Britain from America. They were very successful and by 1917 Britain was close to a crisis with only a few days supplies left. However, the threat was defeated by organising the merchant ships into convoys. Using the convoy system made it much easier to defend the merchant ships. Use of mines also helped to defeat the U-boat threat. It was crucial to defeat this threat, otherwise Britain could have run out of food and have been defeated in the war.'	4–6

	Level 3 One sided explanation OR one explanation of both sides 5 to 6 marks More detailed explanation of one issue to be given two marks. e.g. ‘I am not surprised that Lenin introduced the New Economic Policy. His previous policy of War Communism had achieved its aim of helping the Bolsheviks win the Civil War. As a result, War Communism was not needed anymore. War Communism also caused enormous hardships. There was a lot of opposition to War Communism. There were food shortages and millions of people died in a famine in 1921. The NEP was designed to try and put the situation right. It introduced elements of capitalism such as peasants selling their surplus grain for profit. Some factories went back into private ownership. The policy worked and food production went up.’ OR e.g. ‘It was very surprising. The NEP involved capitalist ideas like peasants selling their surplus produce for profit. This is what the Bolsheviks were trying to get away from. They believed in state ownership and everything being produced for the state. They believed that individual people should not make enormous profits and get rich at the expense of everyone else. Many Bolsheviks were horrified at what Lenin was doing. This makes his policy a great surprise.’	4–6

Music and poems were created to praise Stalin. Many towns held regular processions to celebrate Stalin. It was all this propaganda that made people loyal to Stalin, allowing him to control the Soviet Union.'</p> <p>OR</p> <p>e.g. 'I disagree with this. He controlled the country through terror. Israel was able to buy three B-17 Flying Fortress bombers from the USA, one of which was used to bomb Cairo. Large amounts of arms were also acquired from Europe, especially Czechoslovakia, which supplied fighter aircraft as well as other arms. Countries like France allowed planes carrying arms to land on their way to Israel. All this meant Israel had a lot of modern equipment and was better equipped than most of the Arab forces.</p> <p>OR</p> <p>'e.g. 'The Israeli military won the war because of its fighting style and tactics.
