Paper 1 Theory

October/November 2024

1 hour 45 minutes

You must answer on the question paper.

No additional materials are needed.

INSTRUCTIONS

- Answer **all** questions.
- Use a black or dark blue pen. You may use an HB pencil for any diagrams or graphs.
- Write your name, centre number and candidate number in the boxes at the top of the page.
- Write your answer to each question in the space provided.
- Do **not** use an erasable pen or correction fluid.
- Do **not** write on any bar codes.
- You may use a calculator.
- You should show all your working and use appropriate units.

INFORMATION

- The total mark for this paper is 100.
- The number of marks for each question or part question is shown in brackets [].

This document has **16** pages. Any blank pages are indicated.

1 (a) The photograph shows a swimming coach and a performer who is learning to swim front crawl.

performer who is learning to swim front crawl

Identify the stage of learning of the performer who is learning to swim front crawl in the photograph. Describe **three** different characteristics of a performer at this stage of learning.

stage of learning

characteristic 1

.....

characteristic 2

.....

characteristic 3

.....

[4]

(b) A swimming coach may use different types of guidance to help swimmers.

Identify **three** types of guidance. Describe an example from swimming of the use of each type of guidance.

type of guidance 1

example

.....

type of guidance 2

example

.....

type of guidance 3

5 The diagram shows a tennis serve.

(a) Identify the type of movement taking place:

from **A** to **B** at the performer's left knee

from **A** to **B** at the performer's left shoulder

from **B** to **C** at the performer's right elbow.

[3]

(b) The diagram shows a basic information processing model.

Identify stages **A**, **B** and **C**. Describe a specific example of each of these stages from serving in tennis.

A
